SUMMARY

As a BSc CSIT graduate with a passion for frontend development, I bring a strong foundation in computer science and hands-on experience in building modern web applications. I contributed to the development of the "Smart Parking" web platform, showcasing my ability to work with cutting-edge technologies. Additionally, I have completed several website development projects using HTML, CSS, JavaScript, and Java, enhancing my technical expertise. Currently, I am working as a Frontend Developer on impactful projects like "Nagarik Rojgar" and "ALL-NOOR," at Kalodhunga Creation where I focus on creating intuitive and user-friendly interfaces. My problem-solving skills, commitment to excellence, and eagerness to collaborate make me well-suited for challenging roles in frontend development.
